** Research stream requirements

- To be eligible for the research stream, students must have successfully completed 24 points of level five (non-foundation) FIT units and achieved an overall average of at least 75 per cent across all of these units.
- Applications for the Research stream must be submitted by 31 January (for S1 thesis start) or 30 June (for S2 thesis start). Students will be notified when applications open for each intake. Research stream information and application: https://www.monash.edu/it/current-students/enrolment/honours-and-minor-thesis#tabs_3708338-02

List of elective units offered at the School of Information Technology, Monash University Malaysia

The following electives are offered at both the Australia and Malaysia campuses. If you intend to apply for the [global intercampus program](#), please refer to the [course handbook](#) for electives which are offered specifically at the Australia campus.

Apart from the listed electives below, you may opt to enrol for Level 5 electives offered by other courses at Monash University, provided that you fulfill the unit prerequisites.

Level 5 FIT elective

FIT5086	Organisational informatics
FIT5145	Foundations of data science
FIT5147	Data exploration and visualisation
FIT5160	Business process modelling, design and simulation
FIT5196	Data wrangling
FIT5202	Data processing for big data

The placement and offering of units may be rearranged or revised based on school resources or faculty planning.

If you opt for an overseas exchange program, you may need to either overload a semester, undertake a summer unit or extend an additional semester in order to complete your course. Please consult the course coordinator.

Master of Business Information Systems (C6003) – 2025 (without Foundation units)

Industry experience stream July intake
