# Governance of our network of campuses

Monash University is a large, multi-campus, comprehensive, research-intensive university and a member of the Australian Group of Eight. Monash is consistently ranked in the world's top 100 universities, reflecting our strong commitment to academic and research excellence. Monash is also a global university, with four campuses in Australia, as well as campuses in Malaysia, Jakarta, Indonesia, Suzhou, China, Mumbai, India and a centre in Prato in Italy.

The Academic Board of Monash University is responsible for oversight of the University's academic affairs, including the maintenance of high standards in education and research. That oversight extends to all Monash's campuses in Australia and other nations. Moreover, the Academic Board applies the same educational quality standards to all Monash degrees, wherever they are taught. Our graduates receive a testamur awarded by Monash University, regardless of the campus where they complete their degree. This oversight extends to Monash degrees that are offered jointly with other universities.

All Monash's qualifications are quality assured by the Australian Government's Tertiary Education Quality and Standards Agency and local equivalent accrediting bodies and regulatory agencies in locations where we operate. In Malaysia, Monash University is awarded a 6-star SETARA rating by the Ministry of Higher Education Malaysia, cementing our position in the very top cohort of outstanding universities in that country.

Professor Margaret Gardner AC
President and Vice-Chancellor
Monash University

Professor Andrew Walker
President and Pro Vice-Chancellor
Monash University Malaysia
