

Caring for the Body, Unlocking the Mind

1

Pertubuhan Pusat Kebajikan Destiny (PPK Destiny) is a community-welfare organisation in Klang, Malaysia that supports children and families from underprivileged and refugee backgrounds. Its mission is to provide education, character development, and health awareness programmes to empower children and help them build meaningful lives.

PPK Destiny also offers shelter and support for single mothers, along with services such as daycare, nursery, kindergarten and preschool education, food bank and food delivery assistance, and volunteer and community engagement programmes.

2

Our contribution

Health is fundamental to a child's growth and ability to learn, just as education and technology play an increasingly important role in today's advancing world.

With this in mind, our group focused on health awareness and education to contribute meaningfully to PPK Destiny.

- Conducted a health workshop to introduce children to basic hygiene, healthy habits, and personal well-being.
- Taught class 1 and 2 students a lesson from their new IT syllabus, helping them develop early digital skills.

These contributions aimed to support both children's development and the organisation's future growth.

3

Reflection

This experience strengthened our teamwork skills, improved our ability to work with children, and provided insight into how a community organisation manages its operations in an organised and effective manner.

Acknowledgement

Special thanks to our academic advisor, Dr. Usha, and Ms Irene from PPK Destiny
