Advanced Technologies for Neuroscience Research

**OCTOBER 7-20, 2019
MONASH UNIVERSITY MALAYSIA**

THE BRILLIANT BRAINS AT BRIMS

The Brain Research Institute Monash Sunway (BRIMS), Jeffrey Cheah School of Medicine and Health Sciences, Monash University Malaysia has organized IBRO-Asia Pacific Regional Schools since 2007. The purpose of the IBRO-APRC Advanced School is to provide a platform for postgraduate students and post-doctoral fellows in the Asia Pacific region to meet in an environment where they can acquire knowledge of both theoretical and technological advances in key areas of neuroscience research.

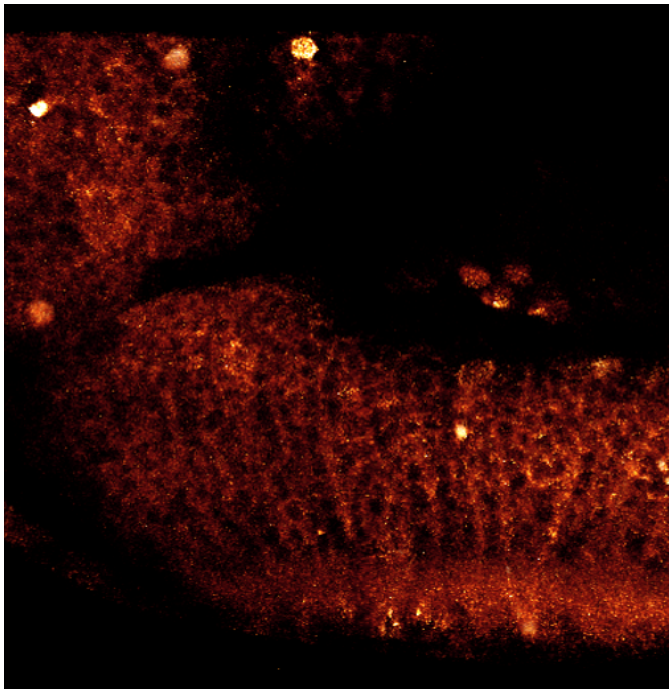

Funding from IBRO will cover travel and accommodation expenses of up to 15 postgraduate students and young scientists specializing in the field of neurosciences. Laboratory neuroscience research experience of applicants is essential.

Official application to the school will be announced on the IBRO website: ibro.org

Register your interest to us [HERE](#).

We will inform you once the official application is open.

Visit www.monash.edu.my/ibro-school2019 for more information about the event.

PROGRAM

Technical Workshops:

- Animal Handling and Behaviour Analysis
- Automated Molecular Biology (Bio-Techne)
- iPS & Zebrafish – CRISPR/Cas9

Major Events:

- Neuroscience Symposium
- BRIMS & IBRO-APRC Mini Symposium
- Neuroscience Ethics Course

	Mon	Tue	Wed	Thu	Fri	Sat	Sun
Oct	7	8	9	10	11	12	13
am	Registration Opening remarks Introduction Campus tour	Technical Workshop	Technical Workshop	Technical Workshop	Technical Workshop	Neuroscience ethics course	Free & Easy
