

## Research and learning skills are your passport to academic success and future employment.

*At Monash University Malaysia, the Library offers programs, resources and opportunities to allow you manage your learning independently and successfully.*

Librarians and Learning Skills Advisers are available to students who wish to drop in or make an appointment for individual and group consultations.

### Research Skills

Librarians can work with you on:

- How and where to start researching your topic
- Effective use of databases and the internet
- Finding, evaluating and incorporating information
- Using the Library's collections
- Citing and referencing to avoid plagiarism
- Using Endnote and Mendeley

### Learning Skills

Learning skills advisers can work with you on:

- Study methods and exam preparation
- Effective listening and note-taking
- Problem-solving and critical thinking
- Reading strategies
- Academic writing for assessment and research
- Oral communication and presentation

Consultations are by appointment:  
11.00 am to 4.00 pm, Monday through Friday
