

GETTING STARTED WITH CITAVI

First step : Register for a Citavi account

1. Go to >> <http://www.citavi.com/monash-my>

Second step : Install Citavi6 on your devices

1. Ensure that your hard disk has enough free space.
2. Download the Citavi Setup from <https://www.citavi.com/en/download>.
3. Double-click Citavi6Setup.exe to begin the installation.
4. The assistant takes you through the installation.
5. Wait until "Citavi was successfully installed" appears. You can now delete the Citavi6Setup.exe file or save it for installation on other computers.
