Request to Overload Semester Enrolment form

General information
This form is to be used by students who are currently enrolled in a coursework degree for permission to overload a semester enrolment.

This form is not to be used by Monash College students or research students.

Overloading is to enrol in more than the standard number of units in each year. It is usually limited to students who have:
- completed 48 credit points in one calendar year
- achieved a 60% credit average or higher in the previous year.

See overloading on the study load web page (www.monash.edu/enrolments/study-load.html) or contact your faculty for advice. Exceptions may apply to high achieving students in approved programs. Some courses may not allow acceleration. This may be due to professional accreditation and/or clinical requirements.

It is recommended that you submit your application as early as possible but no later than a week prior to the first day of the semester you wish to overload in to allow time for approval and addition of the unit to your enrolment prior to the start of semester. Please note the following deadlines for adding units to your enrolment:
- **Off-campus units**: can only be added up until the Friday before semester starts
- **On-campus units**: can only be added until two weeks after the start of semester. Units added after this time require faculty approval and may only be approved in extenuating circumstances. A fee will be payable if a late addition is approved. A list of fees is available at: www.monash.edu/fees/miscellaneous-fees.html

Approval
Your application will be assessed by your course managing faculty and you will be notified of the outcome in person or in writing via email to your Monash student email account within 5 working days of receipt of application.
