CALL FOR
ABSTRACTS

34TH SYMPOSIUM OF MALAYSIAN CHEMICAL ENGINEERS (SOMChE) 2024

34th
SOMChE
2024

Circular Economy and Multidisciplinary Engineering:
Redesigning Systems for Resource Efficiency

9-11 JULY 2024

VENUE: MONASH UNIVERSITY MALAYSIA

TOPICS

- Advances in Catalysis and Reaction Engineering
- Advanced Materials in Chemical & Biomolecular Engineering
- Bioprocess Engineering and Biotechnology
- Chemical Engineering Education and Professional Development
- Computational Methods in Chemical Engineering
- Environmental Impact and Green Chemistry
- Fluid Dynamics and Heat Transfer in Chemical Processes
- Materials and Corrosion Science
- Nanostructures in Drug and Bioactive Engineering
- Nanotechnology Applications in Chemical and Biomolecular Engineering
- Polymer Science and Engineering
- Process Intensification and Optimization
- Process Safety and Risk Management
- Renewable Energy and Biochemical Engineering
- Separation Processes and Mass Transfer
- Smart Manufacturing and Industry 4.0 in Chemical Engineering
- Sustainable Chemical Processes
- Sustainable Palm Oil Production and Processing
- Sustainable Processing of Natural Resources and Critical Metals (Rare Earth Elements)
- Other Related Chemical Engineering Fields

REGISTRATION

Early bird promotion (Inclusive Gala Dinner)

Category	Participants	IChemE Member	Non-IChemE Member
Oral/Poster	Student	MYR 810	MYR 860
	Normal Delegate	MYR 1170	MYR 1280
Non-presenting	Student	MYR 650	MYR 710
	Normal Delegate	MYR 710	MYR 760
