

# MONASH MALAYSIA MEDICAL EDUCATION CONFERENCE (MMMEC) 2023

Future Trends in Medical Education - with focus on Technology, Ethics and Professionalism, Addressing Challenging Situations and Partnerships  
28th–30th April 2023 | 2.30pm–5.30pm (Fri) 8am–5pm (Sat) 8am–3pm (Sun)  
Monash University Sunway Campus, Selangor, Malaysia

## CONFERENCE OVERVIEW

This conference provides an overview on trending topics in medical education that covers technology, ethics and professionalism, addressing challenging situations, and partnerships in medical education. The topics will be presented by experts who work in these niche fields. There will be a chance for delegates to present both oral and poster abstracts and win prizes.

## OBJECTIVES

- To address the current state of technology-enhanced learning and expected transitions in the future.
- To share experiences on ethical and professional issues in different contexts.
- To explore communication skills in addressing challenging situations.
- To discuss how partnerships in education can be achieved.

## TARGET AUDIENCE

- Academics
- Clinicians
- Professional staff
- Researchers
- Students
- Non-governmental organisations
